

Meeting #16

Epigenetics Club of Grenoble

Epigenetics Meeting

Thursday, April 11th 10am

Institute of Advanced Biosciences - IAB

Seminar

Stephen Cusack (EMBL)

Snapshots of transcription by influenza polymerase

Short talks

Azadeh Hajmirza (IAB)

H3K9 trimethylation controls oncogenic signaling and the malignant state in lymphoma

Tina Uroda (EMBL)

The core tertiary structure of long non-coding RNA MEG3 is essential for stimulation of the p53 pathway
